NEW FZ FORZA WEBSITE

In 2023, we launched a brand new FZ FORZA website. The website serves as an online showroom where we showcase the latest collections for both badminton, pickleball, and padel. You can also learn more about FZ FORZA in general, and we have a dedicated page for our talented sponsored players - our #fzforzafamily, of whom we are incredibly proud.

Visit the website at www.fz-forza.com.

FZ FORZA®

INNOVATED IN DENMARK 

At FZ FORZA, we understand the needs and aspirations of badminton enthusiasts, whether they are beginners or seasoned professionals. Our extensive lineup of rackets, shoes, apparel, and accessories combines performance-driven features with sleek designs, ensuring that you look and feel your best on the court.

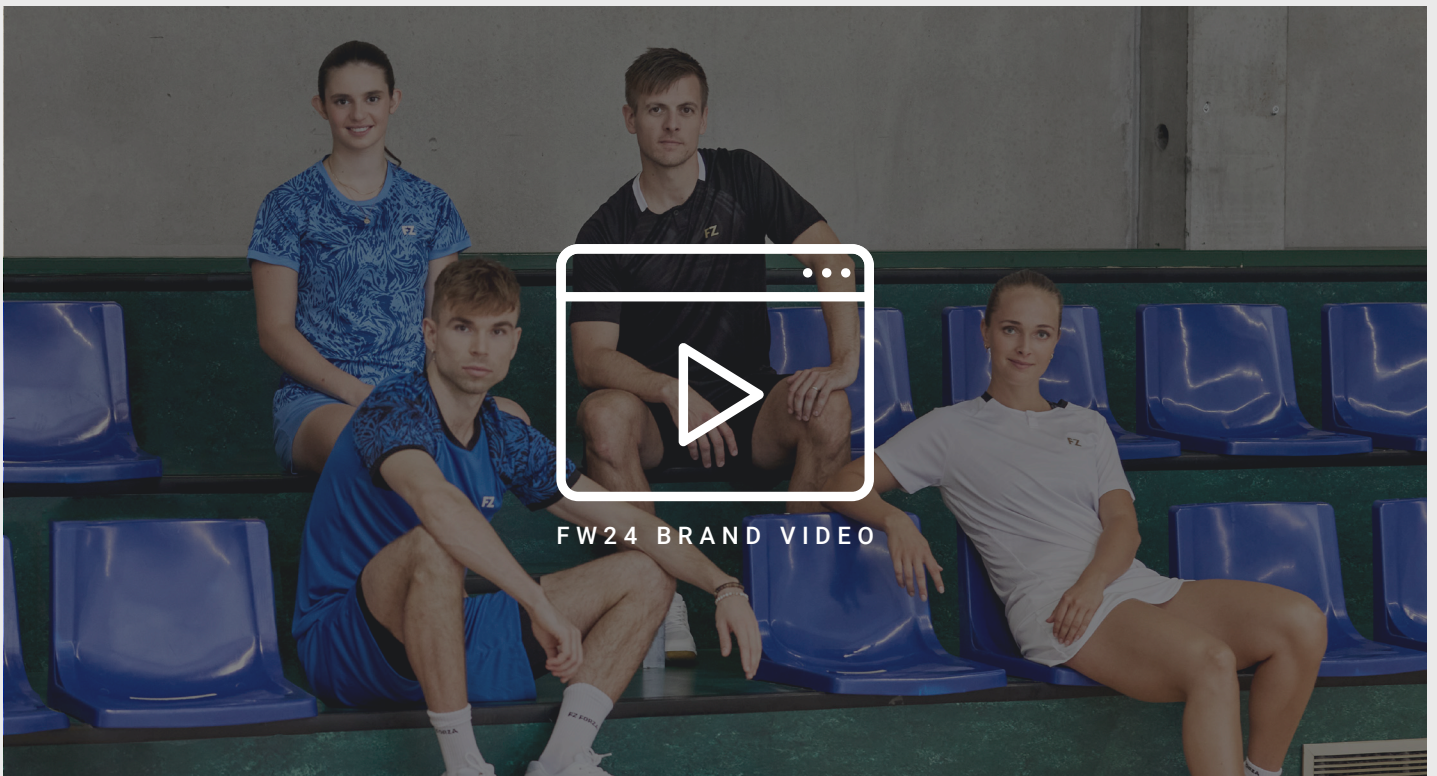

Our journey began in Denmark, a country renowned for its strong badminton tradition and passion for sports. Drawing inspiration from this heritage, FZ FORZA was founded with a vision to create superior badminton equipment that would meet the needs of players at every level.

Join the FZ FORZA family and embrace our Danish heritage of innovation, quality, and style. Elevate your game and experience the difference that comes from playing with world-class badminton equipment. Together, let's redefine what's possible on the court and inspire a new generation of badminton champions.

| BADMINTON

INTRODUCING THE NEW APPAREL COLLECTIONS FOR CLUBS AND PRO PLAYERS

Experience the brand new club collection from FZ Forza, designed exclusively for badminton enthusiasts. Our collection features a range of comfortable and stylish t-shirts, jackets, shorts, and pants, perfect for clubs to showcase their team spirit.

In addition to our club collection, we offer a selection of pro player products. Our Pro Player line is tailored for top-rated players and those who aspire to emulate their favorite idols' style. With attention to detail and superior craftsmanship, our Pro Player line delivers the perfect blend of performance and fashion.

Our versatile Basic line provides timeless and comfortable options for everyone. Whether you're a beginner or a seasoned player, our Basic line offers quality garments that ensure both style and comfort on and off the court.

FZ FORZA®

INNOVATED IN DENMARK 

APPAREL

FZ FORZA badminton apparel is made from recycled polyester, making it a sustainable choice for environmentally conscious players.

Whether you're a professional player, a dedicated enthusiast, or a casual player, we offer a wide range of apparel for all levels.

Designed with the badminton game in mind, our FZ FORZA badminton apparel keeps you dry and comfortable on the court, allowing you to focus on your game without distractions.

MEN'S SIZES: 2XS-3XL

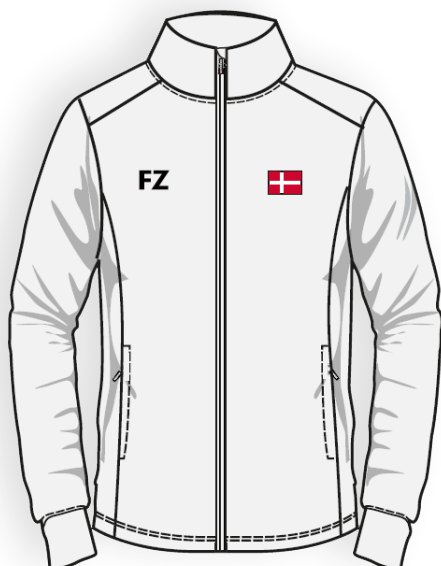

The latest addition to the Danish National Tee collection for men. This new collection showcases a stylish, fresh pattern, and, of course, prominently features the dominant color scheme of red and white, accentuated by the iconic Danish flag, Dannebrog, displayed prominently on the chest.

TECHNOLOGIES

AMERIC M TRACK JACKET

FZ243729 | COLOR: 1002 WHITE
MEN'S SIZES: XS-3XL

Introducing the Americ M Track Jacket - the new Danish Youth National Team Jacket for men. The sleek regular fit enhances your style and performance, and with a blend of 92% recycled polyester and 8% elastane, it offers exceptional comfort and flexibility. Prominently displayed on the chest, you will see the Danish flag, Dannebrog.

TECHNOLOGIES

Most of the FZ FORZA apparel collection is made of polyester created from recycled plastic bottles. With this step we want to take our part of the responsibility for our planet. On average it takes 25 bottles to make 1 tee, and 15 bottles to make a pair of shorts or a skirt. So, when stepping on court, you are waering 45 recycled plastic bottles - cool right?

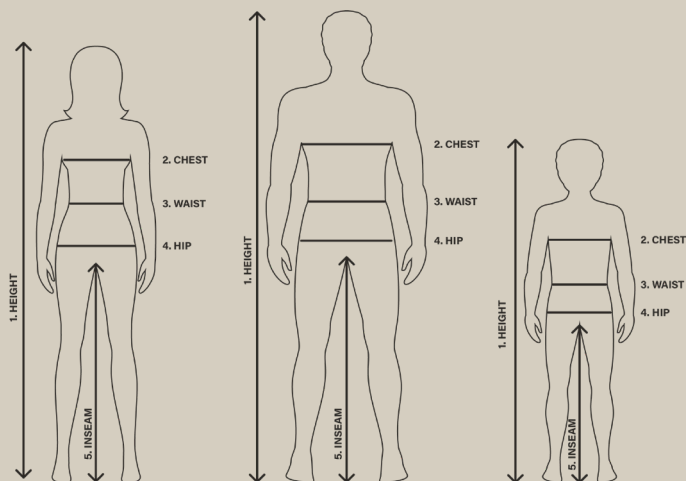

DryForze keeps you comfortable during the game! With the unique DryForze treatment, we ensure maximum comfort. DryForze makes the fabric perspiration transporting, quick drying and super pleasant to wear, and the DryForze capabilities will stay with your clothes for much longer than similar technologies. Fabric treated with DryForze has high breathability and a cool wearing comfort.

MEASUREMENT GUIDE

How to choose the right size?

If your body measurements for chest and waist do not correspond with the same size, then choose the size which is closest to your chest measurement. If your are in between to sizes, then choose the smallest size for a tight fit or the bigger size for a loose fit.

WOMEN

SIZE	2XS	XS	S	M	L	XL	2XL

Most fabric is stretchable either by knitting or due to added elastane. We make sure that the style has just the right stretch in order for the style to both fit the body and give comfort.

All garments have been preshrunk to avoid size changing. Follow the care label and your FZ FORZA clothes should be your favorite badminton clothing for years.

Our garments are made in fabrics either constructed to avoid anti-pilling or fabrics that are given an anti-pilling treatment. Even after washing several times, the surface will still look good.

FZ FORZA INTRODUCES A BRAND NEW SHOE WITH A NARROWER FIT!

We are proud to present a new addition to our collection: Trust V3. What sets this shoe apart is our decision to offer it in a narrow fit, catering to badminton players who prefer a narrower shoe.

Additionally, we continue with the timeless Vibee in white, which was a great success when we introduced it last year. The Vibee offers a more classic fit, ensuring there's something for every badminton player, regardless the shape of the foot.

White and black are a big hit on the courts, so we have chosen to keep the collection very classic to complement any outfit. Furthermore, we have persisted in incorporating small, golden details to enhance the high-quality aspect

SHOES

□ We use a super durable material (KPU/TPU) in areas of the shoe that are most likely to get worn out. This significantly extends the lifespan of the footwear.

□ Comes in two color combos:

Men: 

Women: 

□ A brand new shoe with a new design and most importantly a narrow fit.

NEW and improved stability!

The new design of the Trust V3 shoe design enhances lateral stability, which is important for intense badminton sports.

FZ FORZA SLIDES

FZ230316 | COLOR: 1001 BLACK
 SIZES: 35-47

Introducing FZ FORZA Slides, the ultimate summer slides for both style and comfort. These sleek and trendy slides are designed to keep your feet cool and relaxed during hot summer days. With their durable construction and cushioned footbed, they provide excellent support and ensure a comfortable walking experience. Whether you're heading to the beach, pool, or simply strolling around town, FZ FORZA Slides are the perfect choice for a fashionable and hassle-free summer.

LAT

The lateral stability technology enhances the durability of the shoe and the lateral stability of the forefoot during intense and rapid change of direction. Lateral stability is important in a badminton and padel shoe when moving quickly around on court from side to side.

DURA-COAT

Our microfiber PU treated with a thin coating. The combination of DURA-COAT gives the shoe more durability and a unique abrasion resistance. DURA-COAT is applied on areas where the shoe is most exposed for abrasion.

DURA-COAT+

Super wear-resistant special material(KPU/TPU) is also applied on areas where the shoe is most exposed for abrasion, which greatly prolongs the service life of the footwear.

DRYLEX

Consists of special mesh layer and holes in the shoe that provides excellent breathability for the feet. DRYLEX helps transporting moisture away from your feet to keep them dry and comfortable.

FZORB

FZorb is a fantastic material for shock absorption. By molding the FZorb into the heel-area of the sole, it decreases the force of the many hard shocks that player's feet are exposed to during the game, as well as providing increased comfort for the player.

SHOES SIZE CHART

SIZE EU	28	29	30	31	32	33	34	35	36	37	37,5	38

Size in CM	18,5	19	19,5	20	20,5	21	21,5	22	22,5	23	23,5	24	24,5

F-ZONE

F-ZONE Grip consists of various patterns that support variety of movements in badminton, so the grip on the court is optimal in all game situations. We only use rubber of the highest quality to our soles to ensure an extremely wear resistant outsole.

ASE

By inserting this light weight TPU piece under the arch creates both a lighter and stronger shoe but also more stable. ASE supports the arch and helps prevent pronation and torsion in the shoe for increased functionality and comfort.

LS-S

The lateral stability technology on the sole. The outside of forefoot is designed using high-strength TPU. Improve lateral stability required for intense badminton sports.

TUCK BOARD

TUCK BOARD increases the shoe's torsional flexibility, which supports the foot's natural movement and allows the foot to move faster. Our TUCK BOARD is made of three-dimensional carbon fiber / Nylon sheets that support the torsional movement and reduce stress on the arch tendon.

3/4 COVER

FZ301578 | COLOR: 1001 BLACK

FZ FORZA 3/4 Cover is a modern black badminton cover that protects your rackets. The cover fits one racket including the shaft and is a great option for extra protection besides your bag.

HEAD COVER

FZ301579 | COLOR: 1001 BLACK

FZ FORZA Head cover is a modern black badminton cover that protects your rackets. The cover covers only the head of the racket and is a great option for protecting your racket in your bag while still being able to identify the racket.

INTRODUCING 92 HOLES STRING SYSTEM!

In 2024, it will be the season of something completely new in the world of FZ FORZA rackets. We have developed an entirely new racket with no less than 92 holes, The HT Power 36 Master S. With 2 extra cross strings, the strings are exceptionally stable, resulting in a shorter impact time, reduced energy loss, and strings that not only last longer but also maintain tension better. A true power “weapon” for attacking players.

Additionally, we are introducing a brand-new top-tier racket, the pinnacle of our Aero series, the FZ Aero Power Master S! This high-quality racket features a beautiful gold print on a black background for added depth.

Furthermore, we have created a brand-new light series called Speed Light, which includes no less than 5 new rackets. All in all, there are plenty of exciting innovations to look forward to!

RACKETS

□ The new HT Power 36 Master S features 92 holes which makes it an exceptional stable racket.

□ Thanks to the 92 holes, you will now see 2 extra cross strings!

□ The 92-hole racket is available in two versions: the one you see here from the Power series and another one from the Precision series.

- 4 quick characteristic:
- Shorter impact time
 - Higher tension after stringing
 - Better tension hold
 - Better durability

**CHECK OUT THE BRAND
NEW FZ AERO POWER
MASTER S ON PAGE 76!**

As we continue to improve our rackets and strive towards creating the best racket in the world, we continually research and develop new materials and ideas to take our rackets to the next level. Carbon Nano Tubes (CNT) is based on extraordinary small scale advancements in the material construction. Thanks to our cooperation with Aalborg University in Denmark, FZ FORZA is able to introduce world-class rackets manufactured using polymer composite materials modified by Multi-Wall Carbon Nano Tubes (MWCNT). Thanks to the MWCNT technology your FZ FORZA racket has improved durability in comparison with conventional rackets. The polymer resin that binds the carbon fibers together will ensure toughness and damage tolerance.

Combining the benefits of the hexa and octagon shape, this innovative shape gives you both increased strength in the racket, while being thinner on top. Decreased air-resistance combined with less torque makes this a precise, fast and durable weapon on court.

The slim frame is 12-18% thinner than conventional rackets. We achieve this by combining superior high grade materials and resins with our proprietary production methods to achieve a slimmer racket frame that moves faster through the air, without sacrificing power or torsion.

FZ FORZA has developed a hexagon frame which is more narrow and stronger than usual. It gives reduced air resistance and less torsion. That means faster reactions, better control and more power.

Our air flow frame reduces drag and air resistance during your stroke, enabling you to deliver more power and precision. Furthermore the more rigid T-joint construction offers a much more stable frame with almost no torsion, allowing you to put the shuttle exactly where you want it.

FZ FORZA has developed an octagon frame which ensures that the air flows around the frame with greater ease, thus increasing your reaction time. The frame is also more narrow and stronger than usual reducing air resistance and providing torsion. The frame design is extra durable, making you play stronger for longer.

The slightly oversized frame helps increase the sweetspot for easier shot-making and increased fun while playing. The racket is still light and the special shape of the oversize head means that you will still be able to generate lots of power. The future of oversize rackets has started here.

Kevlar® is a very advanced material which combines great strength with light weight. The material is elastic and yet 5 times stronger than steel. Therefore Kevlar® has a lot of uses and is used for bulletproof vests among other things. When FZ FORZA uses Kevlar® in combination with graphite in the rackets we can make light and extremely strong rackets with a lot of power. Kevlar® helps absorb the shock at impact, making the racket feel soft and comfortable which lets you generate more power.

Titanium is a very light and rigid material which is used to build space shuttles among other things. The combination of graphite and titanium increases the racket's durability and gives the racket increased control.

This material is used to enhance the performance in our very best rackets. The ultra high modulus graphite is stronger and stiffer than ordinary graphite, creating rackets that have less torsion and more power. This will give you more accurate and powerful strokes.

The slim shaft greatly reduces the air resistance when swinging and it greatly increases your swing speed, but with less effort. The FZ FORZA slim shaft rebounds almost as fast as a conventional shaft, meaning that you get much more stability and accuracy, making it a superior choice when you are looking for a slim shaft racket.

Power frames are frames with extra wideness or extra stability on top of the racket frame. This makes the frame stronger and less flexible in this area which generates more of the energy into the stroke. This normally indicates a little more weight in the top of the frame compared to normal frames, which also helps to optimize the power.

SHUTTLES

Choose between different shuttles to accommodate your needs.

- High quality badminton shuttles for professional badminton players.
- Comes in different speeds to accommodate the various conditions that a badminton player may encounter on court.

FZ FORZA®
INNOVATED IN DENMARK 

FZ FORZA was founded in 1990 in Denmark as an alternative to the Asian badminton brands. Since day one, the mission of FZ FORZA has been to create top quality products at fair prices. We strive to create products for everyone and aim to be the preferred brand by all kind of players from beginners to professionals without compromising on quality and design.

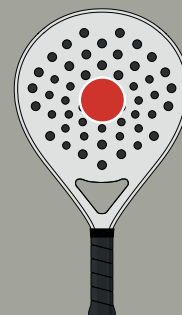

Today, padel is on everyone's lips, so in 2020 we chose to expand our FZ FORZA range with padel products, and we had our first release Spring/Summer 2021. Padel has now become a fairly large part of our range, and we are happy to share with you the following FZ FORZA Padel Racket range.

SHAPE: ROUND

For the more patient player who values amazing control to withstand attacks from opponents. You focus on your defense, control the game and to tire out your opponent.

 SWEET SPOT

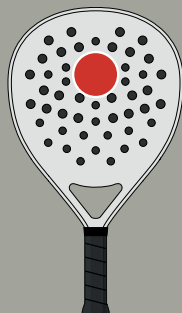

PADELO

wants
ks from
offensive

SHAPE: TEARDROP

Perfect match for the all-round player who attacks from all directions on the pitch. With a teardrop-shaped racket you can achieve both extremely good control and explosive power.

 SWEET SPOT

SHAPE: DIAMOND

For the player who wants to be able to control the game using both technique, precision and not least power! Particularly suitable for the offensive player who likes to strike powerful and well-placed smashes.

 SWEET SPOT

FZ FORZA offers a range of high-quality padel apparel that is both stylish and eco-friendly. The apparel is made using recycled polyester, with the tees being 100% recycled and the tights being 81% recycled polyester and 19% elastane. Not only does this help reduce environmental impact, but it also makes the apparel comfortable to wear and long-lasting.

The men's tees come in two colors, black and green, while the women's padel tops come in a fresh light blue color. Designed with padel players in mind, the apparel offers excellent breathability and freedom of movement, ensuring maximum comfort during intense matches.

Whether you're a beginner or a pro, FZ FORZA padel apparel is the perfect choice for any player looking to combine style, comfort, and sustainability on the court.

APPAREL

FZ FORZA padel apparel is made from recycled polyester, making it a sustainable choice for environmentally conscious players.

Different colors available

Men:  

Women: 

Designed with the padel game in mind, our FZ FORZA padel apparel keeps you dry and comfortable on the court, allowing you to focus on your game without distractions.

The padel apparel comes in trendy and attractive colors, such as black and green for men's tees, light blue for women's top.

PADINI M TEE

FZ231863 | COLOR: 1001 BLACK, 3097 PONDEROSA PINE
 SIZES: 2XS-3XL

Padini Tee is a super soft and thin tee perfect for Padel. It is made with the DryForze technology and there is a mesh on the back of the tee, which gives even better ventilation and makes the tee more breathable. This product is made of 100% recycled polyester.

TECHNOLOGIES

PADJA W TOP

LADIES FIT

FZ231489 | COLOR: 2073 BLUE LIGHT
 SIZES: XS-2XL

Padja top is as beautiful as it is good for the environment. The body consists of 100% recycled polyester. The top half of the back is made of a mesh making it super breathable and perfect for a game of padel.

TECHNOLOGIES

PADOVA W 3/4 TIGHT W/POCKETS

LADIES FIT

FZ231872 | COLOR: 1001 BLACK
 SIZES: XS-2XL

Padova 3/4 Tight is a pair of high-waist tights designed with a wide elastic edging, so they fit snugly and firmly around the hips. It comes with one pocket on each side with room for two padel balls. This product is made of 81% recycled polyester and 19% elastane.

TECHNOLOGIES

LANDOS M SHORTS

FZ213705 | COLOR: 96 BLACK
SIZES: XS-3XL

Landos shorts is a super comfortable short for men with a great fit. The shorts have two side pockets with room for two Padel balls and they have the DryForze technology which makes them breathable and quick drying. This product is made of 100% recycled polyester.

TECHNOLOGIES

LIDDI W SKIRT - BALL POCKET

LADIES FIT

FZ213668 | COLOR: 96 BLACK
SIZES: 2XS-2XL

Liddi is a skirt with superb fit and sewn-in inner shorts which makes them super comfortable. The shorts have two side pockets with room for two padel balls and they have the DryForze technology which makes them breathable and quick drying. The skirt is made of 100% recycled polyester.

TECHNOLOGIES

PADOVA W SHORT TIGHT W/POCKETS

LADIES FIT

FZ231868 | COLOR: 1001 BLACK
SIZES: XS-2XL

Padova Short Tight is a pair of high-waist tights designed with a wide elastic edging, so they fit snugly and firmly around the hips. It comes with one pocket on each side with room for two padel balls. This product is made of 81% recycled polyester and 19% elastane.

TECHNOLOGIES

When moving around you create static electricity, but our fabrics prevent the garments from sticking to your body. To avoid your garments from being static, please do not tumble dry.

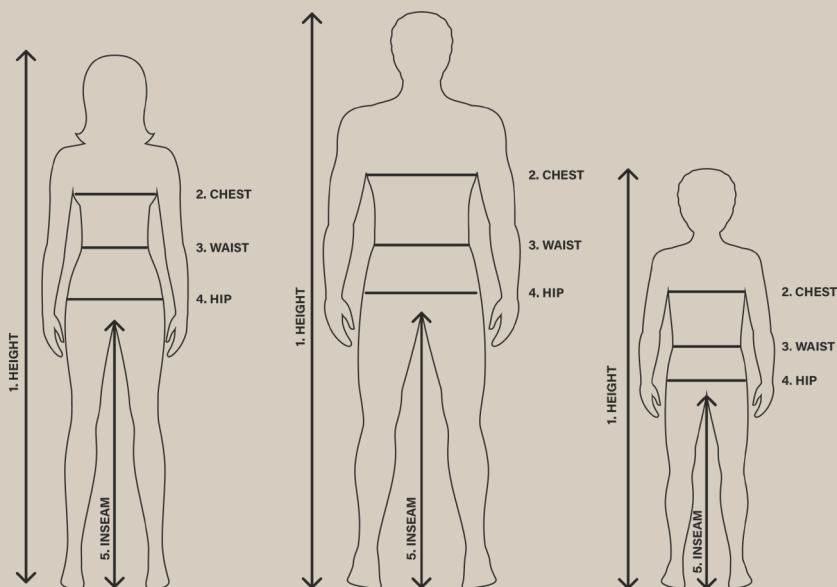

DryForze keeps you comfortable during the game! With the unique DryForze treatment, we ensure maximum comfort. DryForze makes the fabric perspiration transporting, quick drying and super pleasant to wear, and the DryForze capabilities will stay with your clothes for much longer than similar technologies. Fabric treated with DryForze has high breathability and a cool wearing comfort.

MEASUREMENT GUIDE

How to choose the right size?

If your body measurements for chest and waist do not correspond with the same size, then choose the size which is closest to your chest measurement. If your are in between to sizes, then choose the smallest size for a tight fit or the bigger size for a loose fit.

WOMEN

SIZE	2XS	XS
CHEST	78	82
WAIST	62	66
HIP	87	91
INSEAM LENGHT	77	78

MEN

SIZE	XS	S
CHEST	92	96
WAIST	78	83
HIP	93	97
INSEAM LENGHT	80	81

Most fabric is stretchable either by knitting or due to added elastane. We make sure that the style has just the right stretch in order for the style to both fit the body and give comfort.

All garments have been preshrunk to avoid size changing. Follow the care label and your FZ FORZA clothes should be your favorite badminton clothing for years.

When it comes to playing padel, choosing the right footwear is just as important as choosing the right racket. That's where FZ FORZA padel shoes come in. Designed specifically for the unique demands of padel, our shoes offer the perfect combination of support, stability, and comfort on the court.

With features like our Lat technology and external heel counters, FZ FORZA padel shoes offer unparalleled lateral stability and support. This means you can move quickly and confidently, without worrying about twisting an ankle or losing your footing during a fast-paced rally.

So if you want to take your padel game to the next level, don't underestimate the importance of quality footwear. Choose FZ FORZA padel shoes and step onto the court with confidence.

SHOES

FZ FORZA padel shoes are designed with top-of-the-line materials and features to provide maximum performance on the court.

Different colors available

FZ FORZA padel shoes feature advanced cushioning technology, breathable materials, and ergonomic designs to ensure your feet stay comfortable and protected throughout even the longest matches.

FZ FORZA padel shoes are made with durable materials and features like reinforced toes and sturdy outsoles to withstand the rigors of intense play.

ACE PADEL M

FZ230022 | COLOR: 2146 DIRECTOIRE BLUE
 SIZES: 37-46

Ace Padel is for players who want a great feel with the ground. The Lat feature enhances durability and lateral stability of the forefoot and we added an external heel counter to create stability at the heel. With our Tuck board you also get torsional flexibility that supports the foot's natural movement.

TECHNOLOGIES

BRACE PADEL

FZ220021 | COLOR: 2008 FRENCH BLUE
 SIZES: 37-46

Brace Padel is a shoe made to give protection. With the specialized X-tech design it provides protection at the heel and, the ASE feature gives you a lighter and stronger shoe, but it still supports your arch and helps prevent torsion. Lastly, this shoe has FZorb technology which increases comfort.

TECHNOLOGIES

BRACE PADEL W

FZ220022 | COLOR: 2061 AQUARIUS
 SIZES: 37-42

Brace Padel is a shoe made to give protection. With the specialized X-tech design it provides protection at the heel and, the ASE feature gives you a lighter and stronger shoe, but it still supports your arch and helps prevent torsion. Lastly, this shoe has FZorb technology which increases comfort.

TECHNOLOGIES

“ Padel is a high-impact sport that involves sudden changes of direction, jumps and slides. The right padel shoes can prevent injuries and improve your game. ”

- Juan Martín Díaz

LAT

The lateral stability technology enhances the durability of the shoe and the lateral stability of the forefoot during intense and rapid change of direction. Lateral stability is important in a badminton and padel shoe when moving quickly around on court from side to side.

X-TECH

The ankle is exposed to twisting with the many sideways motions in padel. A twist in the ankle is one of the most common injuries in padel, but with the evolutionary FZ FORZA X-technology the stability of the ankle is increased which prevents/reduces the twisting of the ankle.

FZORB

FZorb is a fantastic material for shock absorption. By molding the FZorb into the heel-area of the sole, it decreases the force of the many hard shocks that player's feet are exposed to during the game, as well as providing increased comfort for the player.

SHOES SIZE CHART

SIZE EU	28	29	30	31	32	33	34	35	36	37	37,5	38	
Size UK	12	12,5	1	1,5	2	2,5	3	3,5	4	4,5	5	5,5	
Size US	12,5	13	1,5	2	2,5	3	3,5	4	4,5	5	5,5	6	6,5
Size in CM	18,5	19	19,5	20	20,5	21	21,5	22	22,5	23	23,5	24	24,5

ASE

By inserting this light weight TPU piece under the arch creates both a lighter and stronger shoe, but also more stable. ASE supports the arch and helps prevent pronation and torsion in the shoe for increased functionality and comfort.

TUCK BOARD

Our Tuck Board increases the shoe's torsional flexibility. Torsional flexibility supports the foot's natural movement and allows the foot to move faster. Our Graphite Tuck Board is made of three-dimensional graphite fiber sheets that support the torsional movement and reduce stress on the arch tendon.

FZ FORZA Thunder Jr. gives children the opportunity to play a game of padel. This racket is made lighter and smaller which is perfect for children wanting to challenge their parents or friends. The round shape gives children a larger sweet spot and with the soft EVA this racket is made for control.

WEIGHT	300-310 g
SHAPE	Round
SURFACE	Normal
FOAM	Soft

100% GLASS FIBER

Glass fiber rackets are a good alternative to graphite rackets. You will get a durable racket were the material helps you control your stroke a lot.

COMPOSITE GRAPHITE

Composite graphite is a combination bewteen graphite and glass fiber. The frame is graphite and the surface and hitting area are both glass fiber.

100% GRAPHITE

These rackets are made of 100% graphite in as well frame as hitting surface. Graphite gives the player a very good playability and is the basic material of all middle and high end rackets.

3K GRAPHITE

The 3k woven graphite rackets also consists of 100% graphite. The benefit of the 3k woven graphite makes the racket stronger and more durable.

12K GRAPHITE

A 12k graphite is a tight woven graphite which creates a really high graphite quality and gives players a really good racket with perfect playability and durability.

18K GRAPHITE

The top quality for padel rackets. Best graphite, best durability and best playability. The best material you can get!

SOFT EVA

A soft EVA means that the EVA foam inside the racket is quite soft. This gives the player a really good touch and nice feeling when playing.

Rackets with hard EVA inside insure that the touch is very fast and accurate. Here the player has good chances of hitting the ball hard and with lots of power.

The rackets marked with the “x-spin” logo all have a more rough surface than basic rackets. This gives players a better chance to “grab” the ball and create a lot of spin while playing.

If “x-protection” is marked on the racket it means that an extra frame protection is added on top of the frame from production. This protection helps to protect the racket when hitting the ground or wall.

The head light rackets gives players a very easy handling and really nice feeling. Your movements are faster, and this helps your control while playing.

Medium balanced rackets are a balance between the optimized handling from head light rackets and the more powerfull head heavy rackets.

The head heavy rackets gives the player maximum power. When hitting the ball you will create more power with a head heavy racket.

FZ FORZA PADEL GAME BALL

FZ302978 | AMOUNT: 3 PCS. IN TUBE

Discover the thrill of pickleball
- the fast-paced, action-packed
sport that's capturing the hearts
of players around the world

FZ FORZA®

INNOVATED IN DENMARK 

Are you ready to take your game to the next level? We at FZ FORZA are excited to introduce our new collection of high-quality pickleball products!

If you haven't heard of pickleball before, it's a fast-paced paddle sport that combines elements of tennis, badminton, and table tennis. It's played on a smaller court with a lower net and a paddle instead of a racket. The sport is gaining popularity all over the world, and we at FZ FORZA have taken notice.

In 2022, we launched our first pickleball collection as part of the SS2023 lineup. Now, with the SS2024 collection, we're introducing new paddles with updated designs and techniques to help players perform their best on the court. Whether you're a seasoned pickleball pro or new to the sport, we've got the gear you need to succeed. Try it out for yourself and see what all the buzz is about!

100% GRAPHITE

Provides lightweight maneuverability, increased power, and precise control for optimal gameplay performance.

POLYMER HONEYCOMB CORE

This feature ensures a high-quality construction, enhancing playability and providing comfortable performance.

MASSIVE SPIN

Features a rough surface, optimizing ball contact and increasing spin potential for enhanced gameplay.

LESS VIBRATION

Paddles with a polymer honeycomb core and thickness on/above 14mm minimize vibration, absorbing shocks for a smoother, more comfortable playing experience.

FURIOUS

Entry-level FZ Forza pickleball paddles with glass fiber or glass fiber/graphite surfaces offer solid construction, good control, and playability, making them ideal for beginners.

DRIVE

FZ Forza Drive paddles, made of 100% graphite, optimize control and enhance the playing experience, making them a great choice for all players.

GOOD CONTROL

This signifies a well-balanced weight class, optimizing stroke control for enhanced precision and easy handling in this racket.

EXTREME 3D SPIN

A 3D printed surface ensures an excellent ball contact and maximizing the potential for generating spin during gameplay.

ULTRA POWER

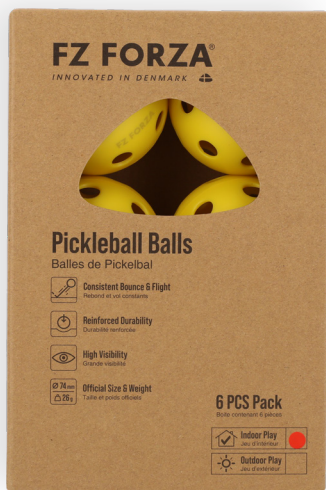

The 3K-18K graphite construction offers increased strength and slightly more weight. This optimizes the power behind each stroke for maximum impact.

INTENSITY

FZ Forza Intensity paddles feature a 100% graphite surface with a rough texture, offering excellent grip. Ideal for weekly players and those seeking enhanced performance.

ENERGY

FZ Forza Energy paddles, with a 3K-18K graphite surface, provide exceptional strength, durability, and power, making them perfect for players seeking a strong and powerful paddle.
